

## Sending Email Notification to the user who not been logged in from 1 year

Creating Event Registry:

Performance Analytics > System > Event Registry

The screenshot shows the 'Event Registry' configuration page. On the left is a sidebar with a search bar containing 'event r' and a list of items: Performance Analytics, System, and Event Registry (selected). The main area has a header 'Event Registration demo.event.scheduled.jobs' with 'Update' and 'Delete' buttons. Below the header are form fields: 'Event name' (demo.event.scheduled.jobs), 'Table' (User [sys\_user]), 'Application' (Global), 'Queue' (empty), and 'Caller Access' (- None --). The 'Fired by' field contains 'Scheduled Jobs: changing description of a user who changed today'. There is an empty 'Description' field. At the bottom are 'Update' and 'Delete' buttons, and a 'Related Links' section with links for 'Business Rules' and 'Notifications'.

Scheduled Job:

System Definitions > Scheduled Jobs

The screenshot shows the 'Scheduled Job' configuration page. The left sidebar has a search bar with 'scheduled' and a list of items: System Definition, Scheduled Jobs (selected), System Scheduler, and Scheduled Jobs (expanded). The main area has a header 'Scheduled Script Execution changing description of a user who changed today' with 'Update', 'Execute Now', and 'Delete' buttons. The form fields include: 'Name' (changing description of a user who changed today), 'Active' (checked), 'Run' (Daily), 'Time' (Hours: 23, 00, 00), 'Application' (Global), and 'Conditional' (unchecked). Below these is a 'Run this script' section with a code editor containing the following JavaScript code:

```
1 var gr = new GlideRecord('sys_user');
2 gr.addQuery('sys_created_on', ">", "2022-09-05 06:16:20");
3 //gr.addEncodedQuery('sys_updated_onONToday@javascript:gs.beginningOfToday()@javascript:gs.endOfToday()'
4 );
5 gr.query();
6 while(gr.next())
7 {
8     gs.eventQueue("demo.event.scheduled.jobs",gr,gr.manager.getDisplayValue(),gs.getUserID());
9     gr.u_short_notes = 'You have not been logged in so we deleting your account, SORRY!';
10    //gr.setWorkflow(false);
11    gr.update();
12 }
```

Code:

```
var gr = new GlideRecord('sys_user');
gr.addQuery('sys_created_on', ">", "2022-09-05 06:16:20");
//gr.addEncodedQuery('sys_updated_onONToday@javascript:gs.beginningOfToday()@javascript:gs.end
OfToday()');
gr.query();
while(gr.next())
{
```

```

gs.eventQueue("demo.event.scheduled.jobs",gr,gr.manager.getDisplayValue(),gs.getUserID());
    gr.u_short_notes = 'You have not been logged in so we deleting your account, SORRY!';
    //gr.setWorkflow(false);
    gr.update();
}

```
